

Construction milestone approved for Tepetonka

WILLMAR, Minnesota (November 22, 2023): Tepetonka, the private golf club located 90 miles west of the Twin Cities, announced that it has received its conditional use permit from Kandiyohi County.

“This approval is the next step on our path towards construction in Spring 2024,” said Tepetonka Club Chairman Mark Haugejorde. “We are excited for our members and partners to begin the development of what we believe will become a premier golf experience in Minnesota.”

The course, being designed by the Australian firm OCM Golf, led by Geoff Ogilvy, Mike Cocking and Ashley Mead, is expected to open in the summer of 2025. “Tepetonka is an incredible property,” says Mead. “We’ve spent a lot of time on site and are very pleased with our routing and concept. Now with this approval we can bring this site to life.”

In addition to the 18-hole course, a 9-hole short course and on-site cabins are also planned.
